About the University

i. About Nanjing Audit University

◆ Overall Introduction

Nanjing Audit University (NAU) is the only full-time undergraduate institute at home and abroad that carries “Audit” in its name, and is one of the birthplaces of audit higher education in China. It has been established, developed, flourished and elevated for audit. NAU was initially founded in 1983, renamed as Nanjing Audit Institute in 1987, and merged with Nanjing Finance College in 2002. In 2007, it successfully passed the National Undergraduate Academic Accreditation authorized by the Ministry of Education with "excellence" grade. In 2011, it was granted as the first batch of authorized units of master degree in auditing, and was granted as the authorized unit of master degree (academic degree) in 2013. In 2015, it was assumed its current name approved by the

Ministry of Education. In 2017, NAU became listed among the newly-added Doctor Degree Conferring Construction Project Universities in Jiangsu Province. In 2018, it signed the strategic cooperation framework agreement with the Audit Office of the Central Military Commission (CMC) of China. In its 38 years of development, NAU has always adhered to the initial intention of serving the audit career, and has pioneered a characteristic path of "serving national strategic needs as the orientation, serving national economic supervision and national governance as the mandate, and meeting the needs of the audit industry and regional economic and social development as the focus". NAU has now become the cradle for training audit talents, a base for auditing scientific research, a think tank for auditing career development and a window for auditing international exchange.

NAU's current full-time undergraduates, postgraduates and international students totals more than 18,000. It has a full-time teaching faculty of more than 1,200, amongst whom 185 with senior professional titles, 731 with doctoral degrees and 273 postgraduate supervisors. Today's NAU consists of two campuses in Pukou and Mochou respectively, covering a total area of 1.2 million square metres. The CPC School and Audit Academy of CNAO are both located on NAU Pukou Campus.

NAU has built a system of disciplines and specialties with audit as

the brand and the disciplines of Economics, Administration, Law, Engineering, Liberal Art and Science supporting each other and developing synergistically. There are 8 authorized first-class master degree disciplines (*Business Administration, Theoretical Economics, Applied Economics, Law, Statistics, Computer Science and Technology, Management Science and Engineering, Public Administration*) and 13 authorized master degree disciplines (*Auditing, Accounting, Finance, Business Administration, International Business, Law, Applied Statistics, Electronic Information, Tax Administration, Insurance, Chinese International Education, Public Administration, Engineering Management*). It has 2 provincial advantageous disciplines (*Business Administration and Applied Economics*), 1 provincial key cultivation discipline (*Theoretical Economics*) and 6 provincial key construction disciplines (*Public Management, Statistics, Computer Science and Technology, Mathematics and Marxist Theory, Law, Theoretical Economics*). In the global ranking of Economics research power of universities released by *Shanghai University of Finance and Economics*, the school ranks 179th in the world and 9th in universities across the Taiwan Strait, Hong Kong and Macau, and *Applied Economics* ranks 6th in mainland China.

NAU has always adhered to the internationalization strategy and actively carried out international exchanges and cooperation. As the

organizer and practitioner of the "Chinese Government Scholarship Audit Master Program" jointly set up by the CNAO and the Ministry of Education, the organizer of the "Foreign Aid Degree Education Program" of the Ministry of Commerce, NAU has been recruiting international audit master students from countries along the "Belt and Road". It has also successfully passed the Quality Accreditation of International Students' Education initiated by the Ministry of Education. NAU has been accredited by the Institute of Internal Auditors (IIA) as the only "Internal Audit Education Partner" (IAEP) partner university in China. NAU has been awarded "Platinum Level Training Institution" by the Association of Chartered Certified Accountants (ACCA) as the "University with the highest number of ACCA talents in the world". NAU has also established an international joint audit school with French SKEMA Business School and has been newly granted as the base of "Innovation Practice Program for Cultivating High-level Internationalized Talents" by the Ministry of Education. Since 2008, 25 teachers engaged in 35 UN Audit assignments, and a totality of 16 faculty teachers have been selected in the UN Audit Talents Pool. NAU has established extensive cooperation and exchange contacts with international organizations such as International Organization of Supreme Audit Institutions (INTOSAI) and Asian Organization of Supreme Audit Institutions (ASOSAI), as well as the supreme audit institutions of dozens

of countries and regions such as the US and France. Auditors General from nearly 11 countries and regions such as Brazil, India, South Africa and other auditors are conferred as Honorary Professors. In the recent years, NAU teachers have attended 396 international conferences and academic exchanges abroad, and 33 international conferences and training courses have been held on campus.

In recent years, the university has comprehensively strengthened the construction of the CPC leadership, promoting the high-quality development of various undertakings.

At present, guided by President Xi Jinping's ideology of Socialism with Chinese Characteristics in the New Era, as well as under the leadership of the university's CPC Party and administration leadership panel, NAUers are firmly following the spirit of the 19th CPC National Congress and the 5th Plenary Session of the 19th CPC Central Committee, practicing the education philosophy of "Character, Quality and Internationalization" and practicing the school motto of "Honesty, Truth-seeking, Diligence and Devotion to Public Duty". We are striving to accelerate our efforts to build a high-level university with distinguished features that has a significant impact and the AUDIT university that is renowned both at home and abroad.

◆ About the Program Implementing Units

1. School of International Exchange (SIE)

The School of International Exchange of Nanjing Audit University caters to international students and aims to promote cross-cultural exchange among Chinese and foreign students, cultivating international talents who are familiar with Chinese culture and committed to the common development of countries around the world.

SIE shoulders responsibilities of recruiting all-leveled qualified candidates for China Government Scholarship, specialized scholarship sponsored by different Chinese ministries, Jiangsu Provincial Scholarship, Nanjing Municipal Scholarship, and Nanjing Audit University International Students Scholarship. With the focus on the brand-major of auditing, the scholarships are available for both undergraduates and postgraduates in 15 different majors, such as auditing, accounting, economics, international trade, etc. SIE is in charge of the strategic planning of international students' affairs of NAU, the students' enrollment issues and daily administration.

2. School of Finance (SF)

School of Finance inherited the history of financial talents cultivation of original Jiangsu Bank School, Nanjing Financial College, and original Nanjing Institute of Finance and Trade. The school has 15 professors, 25 associate professors, and 40 teachers who have Ph.D, forming the academic leaders on the basis of Jiangsu famous teachers, Jiangsu distinguished professors, Jiangsu “Double Innovation Plan”, the Ministry of Education “New Century Talents”, Jiangsu “Six Talent Peaks”, and Jiangsu “Qin-Lan Project”. We also formed the outstanding teaching and research team on the basis of teachers having Ph.D, which is the only Jiangsu Financial discipline “Qin-Lan Project” outstanding discipline echelon. Besides that, we also introduced 5 research backbones with overseas scientific background from the United States, Australia, and

Japan, in order to understand academic frontiers and grasp the discipline development trend.

School of Finance provides master's degree program in finance (academic and professional). Now, we formed a connected, advantage prominent, and distinctive five undergraduate programs, namely finance (including concentration on international finance), investment, insurance, credit management, and financial engineering. We are famous for outstanding alumni and networking resources. Among the previous alumni, there are more than 1,000 headquarters executives and presidents of financial sector. Previous graduates are 100% employed, and most of them work in the banking, securities and other financial industries. Three graduate students receive a national scholarship.

3. About the Living Environment and Accommodation Conditions

Nanjing, abbreviated as "Ning" and known as Jinling in ancient times, is the capital of Jiangsu Province. It is a sub-provincial city, a mega-city, the core city of Nanjing metropolitan area. It is also an important central city in the eastern region of China, an important national scientific research and education base and a comprehensive transportation hub as determined by the State Council. Nanjing is located in the eastern part of China, downstream of the Yangtze River, near the river and the sea, and is an important gateway city of the Yangtze River Delta radiating and driving the development of the central and western regions, as well as an important node city of the strategic intersection of the eastern coastal economic belt and the Yangtze River economic belt, as planned by the State Council.

Nanjing is a hilly area, dominated by low hills and gentle hills, with a humid north subtropical climate and a water area of more than 11%. It is one of the first national historical and cultural cities, an important

birthplace of Chinese civilization, and has long been the political, economic and cultural center of southern China. Nanjing has a humid climate with four distinct seasons and a moderate price level, the annual average temperature is 15.4 °C. It is a suitable place to live in.

Nanjing Audit University provides single rooms on Pukou Campus for MAud students. Each room is equipped with an air-conditioner, a refrigerator, a washing machine, a washroom, shower facilities, wireless network access, etc. A shared kitchenette is available on each floor of the building. Apart from dormitories and canteens, there are sports playgrounds, clinic, post office, convenience stores, hair salon, laundry shop, printing shops, etc. There are public buses and taxis available right outside of the school gate, and it takes less than 10 minutes' bus ride to the center of the local downtown. There are banks, supermarkets, restaurants, hospitals and city metros available in the district community.
