项目简介 Program Introduction

国际学生预科项目作为本科预备强化教育非学历项目，面向有意进入大连理工大学攻读本科学位的高中毕业生开设。预科项目分为理工类、文科类两个方向，依托大连理工大学强大的师资力量，通过汉语、数理化等课程的强化教学，全面提升预科学生的汉语水平、数理基础及专业应用能力，为本科阶段打下夯实的学习基础。

As a non-degree program for undergraduate preparation, this foundation program is intended for the graduates from senior high schools who want to study the undergraduate degree in DUT. The foundation program is divided into two directions, Science & Engineering and Chinese Language & Arts. Relying on the strong faculty resources of Dalian University of Technology, it provides intensive instruction in Chinese language, mathematics, physics, and chemistry. This comprehensive approach enhances students' Chinese proficiency, foundational knowledge in mathematics and science, and professional application skills, laying a solid academic foundation for their undergraduate studies.
