

International Student Admissions Brochure of Guizhou Communications Polytechnic University(GCPU)

1.About Guizhou Communications Polytechnic University

Guizhou Communications Polytechnic University(GCPU) is a public undergraduate-level institution that specializes in engineering, with a particular emphasis on transportation. GCPU was established in 1958 and currently has over 13,000 students 13 Colleges , and more than 30 undergraduate and vocational majors, including 7 national key majors. GCPU is dedicated to training talents in modern comprehensive transportation systems, with a particular focus on two national high-level professional groups: road and bridge engineering technology, and automobile application and maintenance technology (intelligent transportation in western mountainous areas). GCPU library has a collection of nearly 2 million books, and has established 19 national-level courses. Furthermore, GCPU has 15 provincial-level or higher industry-education integration bases, collaborative innovation centers, engineering research centers, and key laboratories. Additionally, GCPU has 195 integrated teaching and production (operation) training bases on campus, including the Wolongshan Mountain tunnel, Kunpeng training bridge, karst mountain road intelligent transportation virtual simulation training center, transportation civil engineering open training base, smart transportation industry-education integration training base, intelligent connected virtual simulation center, green transportation electromechanical application technology center, and intelligent connected vehicle training base. Moreover, GCPU has 133 off-campus internship bases. GCPU school offers students a comprehensive platform for holistic development and personal growth. It boasts eleven educational facilities, including the Guizhou Transportation Museum and Education Hall, as well as the Thousand Islands Culture and Art Museum, which showcase the rich history of transportation and cultural diversity of ethnic groups in Guizhou. The flower planting and labor education bases provide students with an opportunity to work. The stage, sports field, and campus roads serve as practical classrooms. The Tongtu Innovation Park and Maker Space unleash innovative potential, igniting the spark of creativity. Moreover, GCPU offers over 30 clubs, such as the Science and Technology Club and the Art Troupe, to help students pursue their passions.

## 1. 学校简介

贵州交通职业大学是一所公办本科层次的理工类职业院校，以交通为特色，创建于1958年。学校现有在校生1.3万余人，设有13个二级学院，开设30余个本专科专业，其中7个为国家级骨干专业。

学校聚焦现代综合交通运输体系人才培养，重点打造道路桥梁工程技术和汽车运用与维修技术（西部山区智能交通）两个国家级高水平专业群。学校图书馆馆藏图书近200万册，建成了19门国家级课程，拥有15个省级以上产教融合基地、协同创新中心、工程研究中心和重点实验室。此外，学校还建有195个校内理实一体化教学场所和生产（经营）性实训基地，包括卧龙山实体隧道、鲲鹏实训桥梁、喀斯特山地道路智能运输虚拟仿真实训中心、交通土建开放实训基地、智慧交通产教融合实训基地、智能网联虚拟仿真中心、绿色交通机电应用技术中心和智能网联汽车实训基地，以及133个校外顶岗实习基地。

学校为学生提供了全面发展和个性成长的广阔舞台。贵州交通博物馆·教育馆、文化千岛艺术馆等11个育人场馆展现了贵州千年交通发展和民族文化魅力。花卉种植基地和劳动教育基地则让学生领略到劳动之美。舞台、运动场和校园道路则成为了真实课堂。通途双创园和创客空间则释放了创新潜能，点亮了创意之光。此外，学校还有30余个社团，如科技社和艺术团等，助力每一个梦想自由飞翔。

## 2. 学院和专业
